BIOLOGICAL SCIENCES—HEALTH STUDIES CONCENTRATION

MASTER OF SCIENCE (M.S.)

NSU Florida

At a Glance

■ Earn your degree in 12 months.

Program Format

 Program is offered at the Fort Lauderdale/Davie Campus.

Program Highlights

The M.S. in Biological Sciences— Health Studies Concentration has guaranteed admission interviews with many of NSU's health profession programs, including

- Doctor of Dental Medicine
- Doctor of Optometry
- Doctor of Pharmacy
- Master of Medical Science
- Master of Sciences in Anesthesia

Future Opportunities

Expand your reach and explore careers in different areas of health care, including

- medical (D.O., M.D.)
- dental
- optometry
- physician assistant (PA)
- pharmacy
- podiatric medicine
- chiropractic medicine
- veterinary medicine
- other allied health professions
- graduate research programs in biology
- health care industry

Don't Be Just Another Fish in Another School

Develop a strong foundation for pursuing a professional career in biology or health care. Obtain a graduate degree in one year with Nova Southeastern University's (NSU's) Master of Science (M.S.) in Biological Sciences—Health Studies Concentration, a program geared toward students who have completed an undergraduate science degree and wish to further their education and broaden their horizons. Offered at NSU's Halmos College of Arts and Sciences, this program will prepare you for entrance into highly competitive, health-related professional schools and for future career opportunities.

NSU's M.S. in Biological Sciences—Health Studies Concentration is a 30-credit-hour program with rigorous coursework designed to provide in-depth knowledge of science and the human body. Learn about current advances in medical research. Sharpen your critical thinking skills. Obtain hands-on experience in labs to help prepare you for medical school admissions exams.

Get the NSU edge.

BIOLOGICAL SCIENCES—HEALTH STUDIES CONCENTRATION

MASTER OF SCIENCE (M.S.)

Curriculum | Total Credits: 30

DEGREE PROGRAM COURSES

Summer 1 (6 credits)			Credit
BCOR	5000	Graduate Seminar	3
BMHS	5105	Physical Diagnostics Skills	3
OR DMLIC	E110	Introduction to the Dental Professions	
- BMHS	5110	introduction to the Dental Professions	
Fall 1 (12 credits)			
BMHS	5200	Pathophysiology	3
BMHS	5300	Pharmacodynamics	3
BMHS	5400	Advanced Regional Anatomy/Lab	3
BMHS	5500	Advanced Biochemistry	3
Winter 1 (12 credits)			
BCOR	5150	Immunobiology	3
BCOR	5350	Principles of Epidemiology	3
BMHS	5450	Integrated Systems in Health Studies	3
BMHS	5250	Systems Neuroscience	3
Comprehensive Exam (in the style of a standardized exam) —two attempts possible			

"Being a part of the NSU Master of Science in Biological Sciences program provided me with a deeper understanding of biology. Ultimately, this program has increased my confidence and assures me that I am prepared for my desired professional school. I know I would not have been able to receive several dental school interviews without being a master's-degree student."

-Alma Alfarra, Class of 2019

About the Halmos College of Arts and Sciences

NSU's Halmos College of Arts and Sciences and the Guy Harvey Oceanographic Research Center, operating at the Fort Lauderdale/Davie and Oceanographic campuses, offer a variety of undergraduate and graduate opportunities with state-of-the-art facilities. Our goal is to inspire and empower students with knowledge developed through diverse disciplines, experiential learning, and cross-disciplinary education and research in an inclusive college community.

At NSU's Halmos College, students gain fresh perspectives by thinking experientially and experimentally. They emerge as professionals prepared to join the 21st-century workforce and address the challenges of an increasingly diverse and complex global society. Our programs set students on a pathway to becoming passionate, lifelong learners that dominate their future.

This publication should not be viewed as a substitution for official program requirements and outcomes. A student is responsible for meeting the curriculum and program requirements in the student catalog that are in effect when the student enters the program.

Nova Southeastern University admits students of any race, color, sexual orientation, gender, gender identity, military service, veteran status, and national or ethnic origin. Nova Southeastern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate's, baccalaureate, master's, educational specialist, doctorate, and professional degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Nova Southeastern University.
