Program Overview

NSU's College of Arts and Sciences' (HCAS) Graduate Certificate Program in Qualitative Research consists of six three-credit hour online courses (five required and one elective) designed to prepare academics, professional research consultants, and graduate students to understand a variety of qualitative research approaches and to conduct qualitative research studies. Students may enroll full or part time. Students may also take the courses in a non-credit option.

| FALL | WINTER | SUMMER |
|---|--|---|
