801 Seabreeze Boulevard
Fort Lauderdale, Florida 33316

Cocktail Reception

4:30–6:00 p.m. • Bahia Mar Waterfront Gardens

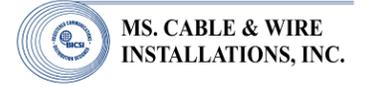

Awards Dinner

6:00–8:00 p.m. • Bahia Mar Grande View Ballroom

Nova Southeastern University is proud to present the 2014 Fort Lauderdale Billfish Tournament, in affiliation with the Marine Industries Association of South Florida (MIASF). The mission of the tournament is to be recognized as the premier, not-for-profit fishing tournament in the Southeast for the benefit of education and research. This annual tournament is a conservation- and recognition-based (nonmonetary) fishing event with the mandate of the release of billfish and responsible take of fun fish. Net proceeds from tournament fees and other donations create the endowed Oceanographic Center Fishing Tournament Scholarship Fund. The endowment provides scholarship aid to attract, retain, encourage, and support high academically achieving and productive graduate students at the NSU Oceanographic Center who are engaged in outstanding research in the marine sciences.

With more than 800 members, MIASF—composed of marinas, boatyards, boat builders, megayacht manufacturers, yacht and charter brokers, craftsmen, technicians, marine suppliers, wholesalers, and retailers—is dedicated to the promotion, professionalism, and advocacy of the South Florida marine industry.

The Mission of the Oceanographic Center is to carry out innovative, basic, and applied research and to provide high-quality graduate and undergraduate education in a broad range of marine science and related disciplines. The center also serves as a community resource for information, research, and education on oceanographic and environmental issues.
